THE EXPLORE SYSTEM : THE NEW LIVING CLASSROOM

YOUR NEW TEACHING TOOL

Enter the Explore System. Our newly-developed, small-scale system is here to revolutionize your teaching. You and your students can now manage an ecosystem from the corner of your classroom with ease. We can help you find the perfect set-up that meets your students' learning needs. Make learning fun with a living, breathing interactive laboratory. Perfect for all students and learning abilities from kindergarten to 12th grade. With support and activities, your students will take control of their learning experience. Grow Good with us today!

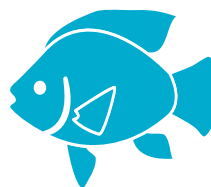

MEET STATE STANDARDS

Activities and curriculum that meet Oklahoma educational standards available.

SMALL AND DURABLE

Small size, big possibilities. Made from few pieces of strong plastics and metal. Guaranteed to last.

RESULTS IN REAL TIME

Make learning immersive and fun with fish and plants that react to environmental changes in real time.
